ALEX WYSOCKI X ADAM CROCKER

Riley & Jon

I've loved shooting film from an early age. It just has that timeless and dreamy feel doesn't it? Looking back at your grandparents Wedding photos, or your parents holiday pictures - your mother-in-law excitedly sitting you down and showing you baby pictures of your new partner and they're all in these beautiful bound albums FULL of film pictures that just mean the world ... I've always wanted to bring an element of that into all of the Weddings I shoot - but I've found it almost impossible to be able to shoot your entire day on digital and also give film the attention and care it deserves.

ALEX WYSOCKI X ADAM CROCKER

So now I have teamed up with Adam Crocker, a Content Creator and Film Photographer who will be available to shoot your day on 35mm film - meaning that I can continue to focus on digital and make sure all of your important memories are captured - and Adam will be there to get those dreamy aesthetic shots that you'll also treasure for a lifetime.

THE FILM ADD-ON

The package is for 10 hours of extra film coverage for your big day - that's usually the absolute best amount of time, taking you from an hour or so of getting ready, to an hour after your first dance. From prep to party if you like.

You get 80+ beautiful film scans, uploaded onto the same gallery your digital photos will be uploaded into, with the option to download or print your images.

And your images will be developed by industry leading experts at the top film lab in London, meaning you can trust that you will get the absolute best quality.

We also use the best and most loved film stocks, to get those perfect colours that fit in with Alex's signature style - meaning that your whole gallery looks seamless and beautiful from start to finish. And all those film costs are also included in the price.

All of the travel and accommodation needed for your amazing UK wedding is included in the price, and there's no other hidden costs. Score.

£1,500

10 hours of coverage from Adam, starting and finishing at the same time as you've booked Alex for

80+ film images, delivered as digital scans for easy upload online

All Film and associated Film costs are included in the price.

Your film will be developed by industry leading experts at the top film lab in London

All final scans will be uploaded onto your dedicated, password protected online gallery via Alex

All travel costs within the UK included in the price

FREQUENTLY
ASKED
QUESTIONS

How many images are included in the package?

After your Wedding, Adam will process the film with the film lab and then choose the absolute best images for you, usually a minimum of 80 scans.

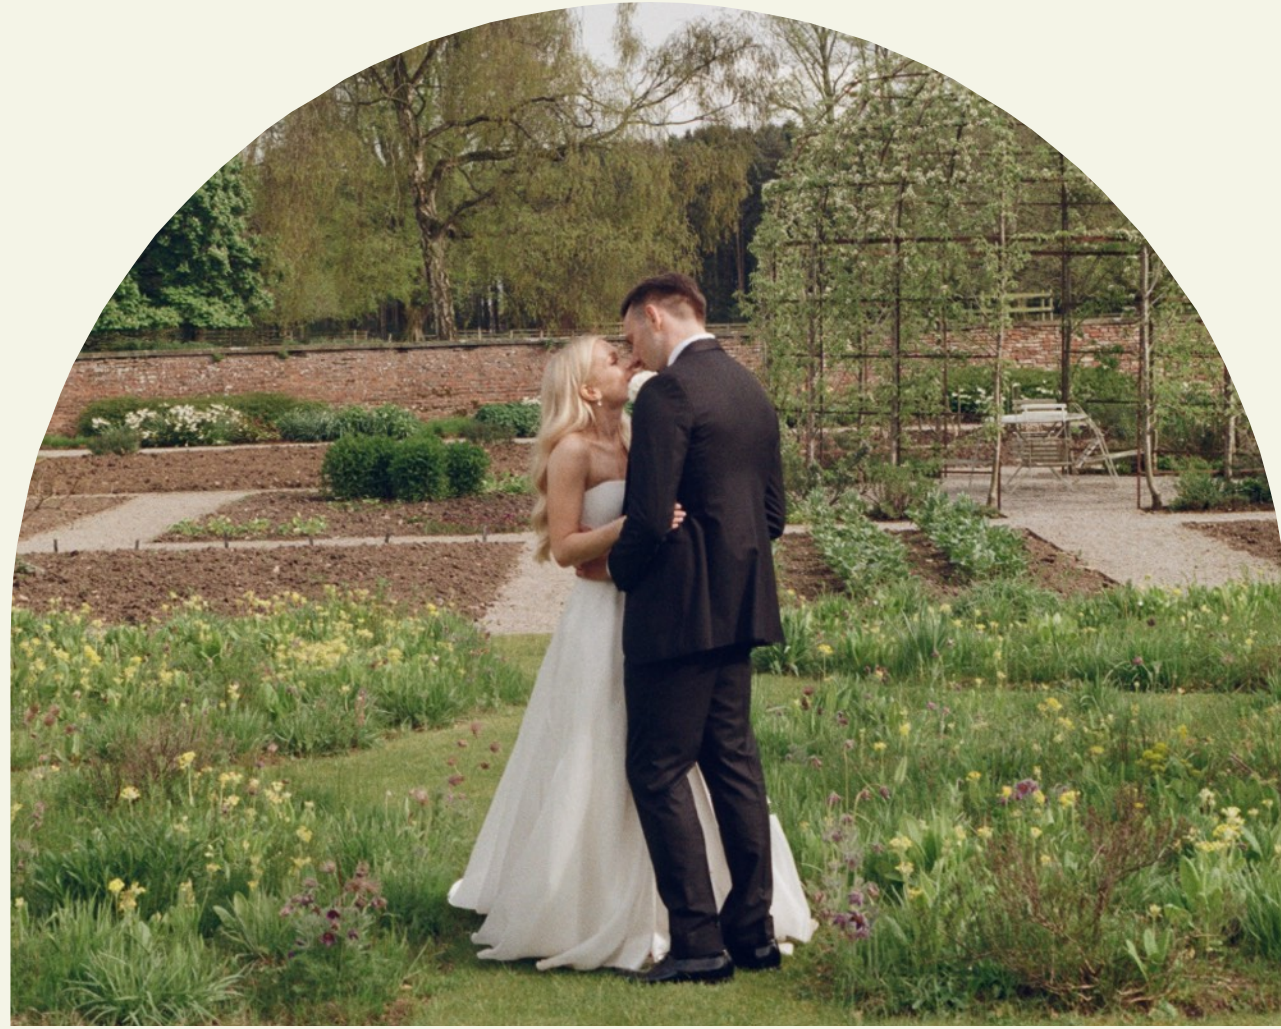

What if the film doesn't come out?

Obviously this is always a risk shooting on film at any point, given that you never know until you get to the lab! But to combat this, Adam shoots on a mix of 5 separate film cameras all day, to minimise any risk, and to make sure he comes away with some absolutely stunning images.

Do you pay for your own travel?

Any travel within England is included in the main package price. Any travel further than that and the travel/accommodation fees will be added as an extra.

Do you require a meal?

I would love one if at all possible. If there is a restaurant on site, then I can always order food from there too. If there's no food available then it's not an issue - both Alex & Adam will head out and grab something from somewhere close by, so make sure nothing important happens in that time so they're back to capture it all for you!

How do we book you?

To secure your date, it's 25% of the final booking cost along with a signed contract. It's all online to make it super quick and easy within the portal that Alex has already sent across to you. The rest of the balance is to be paid one month before the Wedding.

How long until we see our photos?

Depending on peak seasons, your Wedding photos will be ready anywhere from 4-12 weeks after your Wedding date - and will be sent in the final gallery from Alex. Digital Sneak peeks can be given on request a few days after the Wedding, and if at all possible then film sneak peeks can be added in too - if available!

We hope that you love this new film option as much as we do, and would love to be able to give you those timeless dreamy moments as well as the incredible digital memories you'll already be receiving!

If you have any questions at all - just shoot me an email.

Looking forward to working with you!
