## WELCOME

First of all, congratulations! You guys must be so incredibly excited about your upcoming Wedding and I would like to wish you all the happiness in the world.

And that's what I love about Weddings; the happiness. The whole day is filled with smiles, overflowing love and little moments that will continue to mean the world to you even after your big day.

They're what makes it less of a photo album and more of a story book.

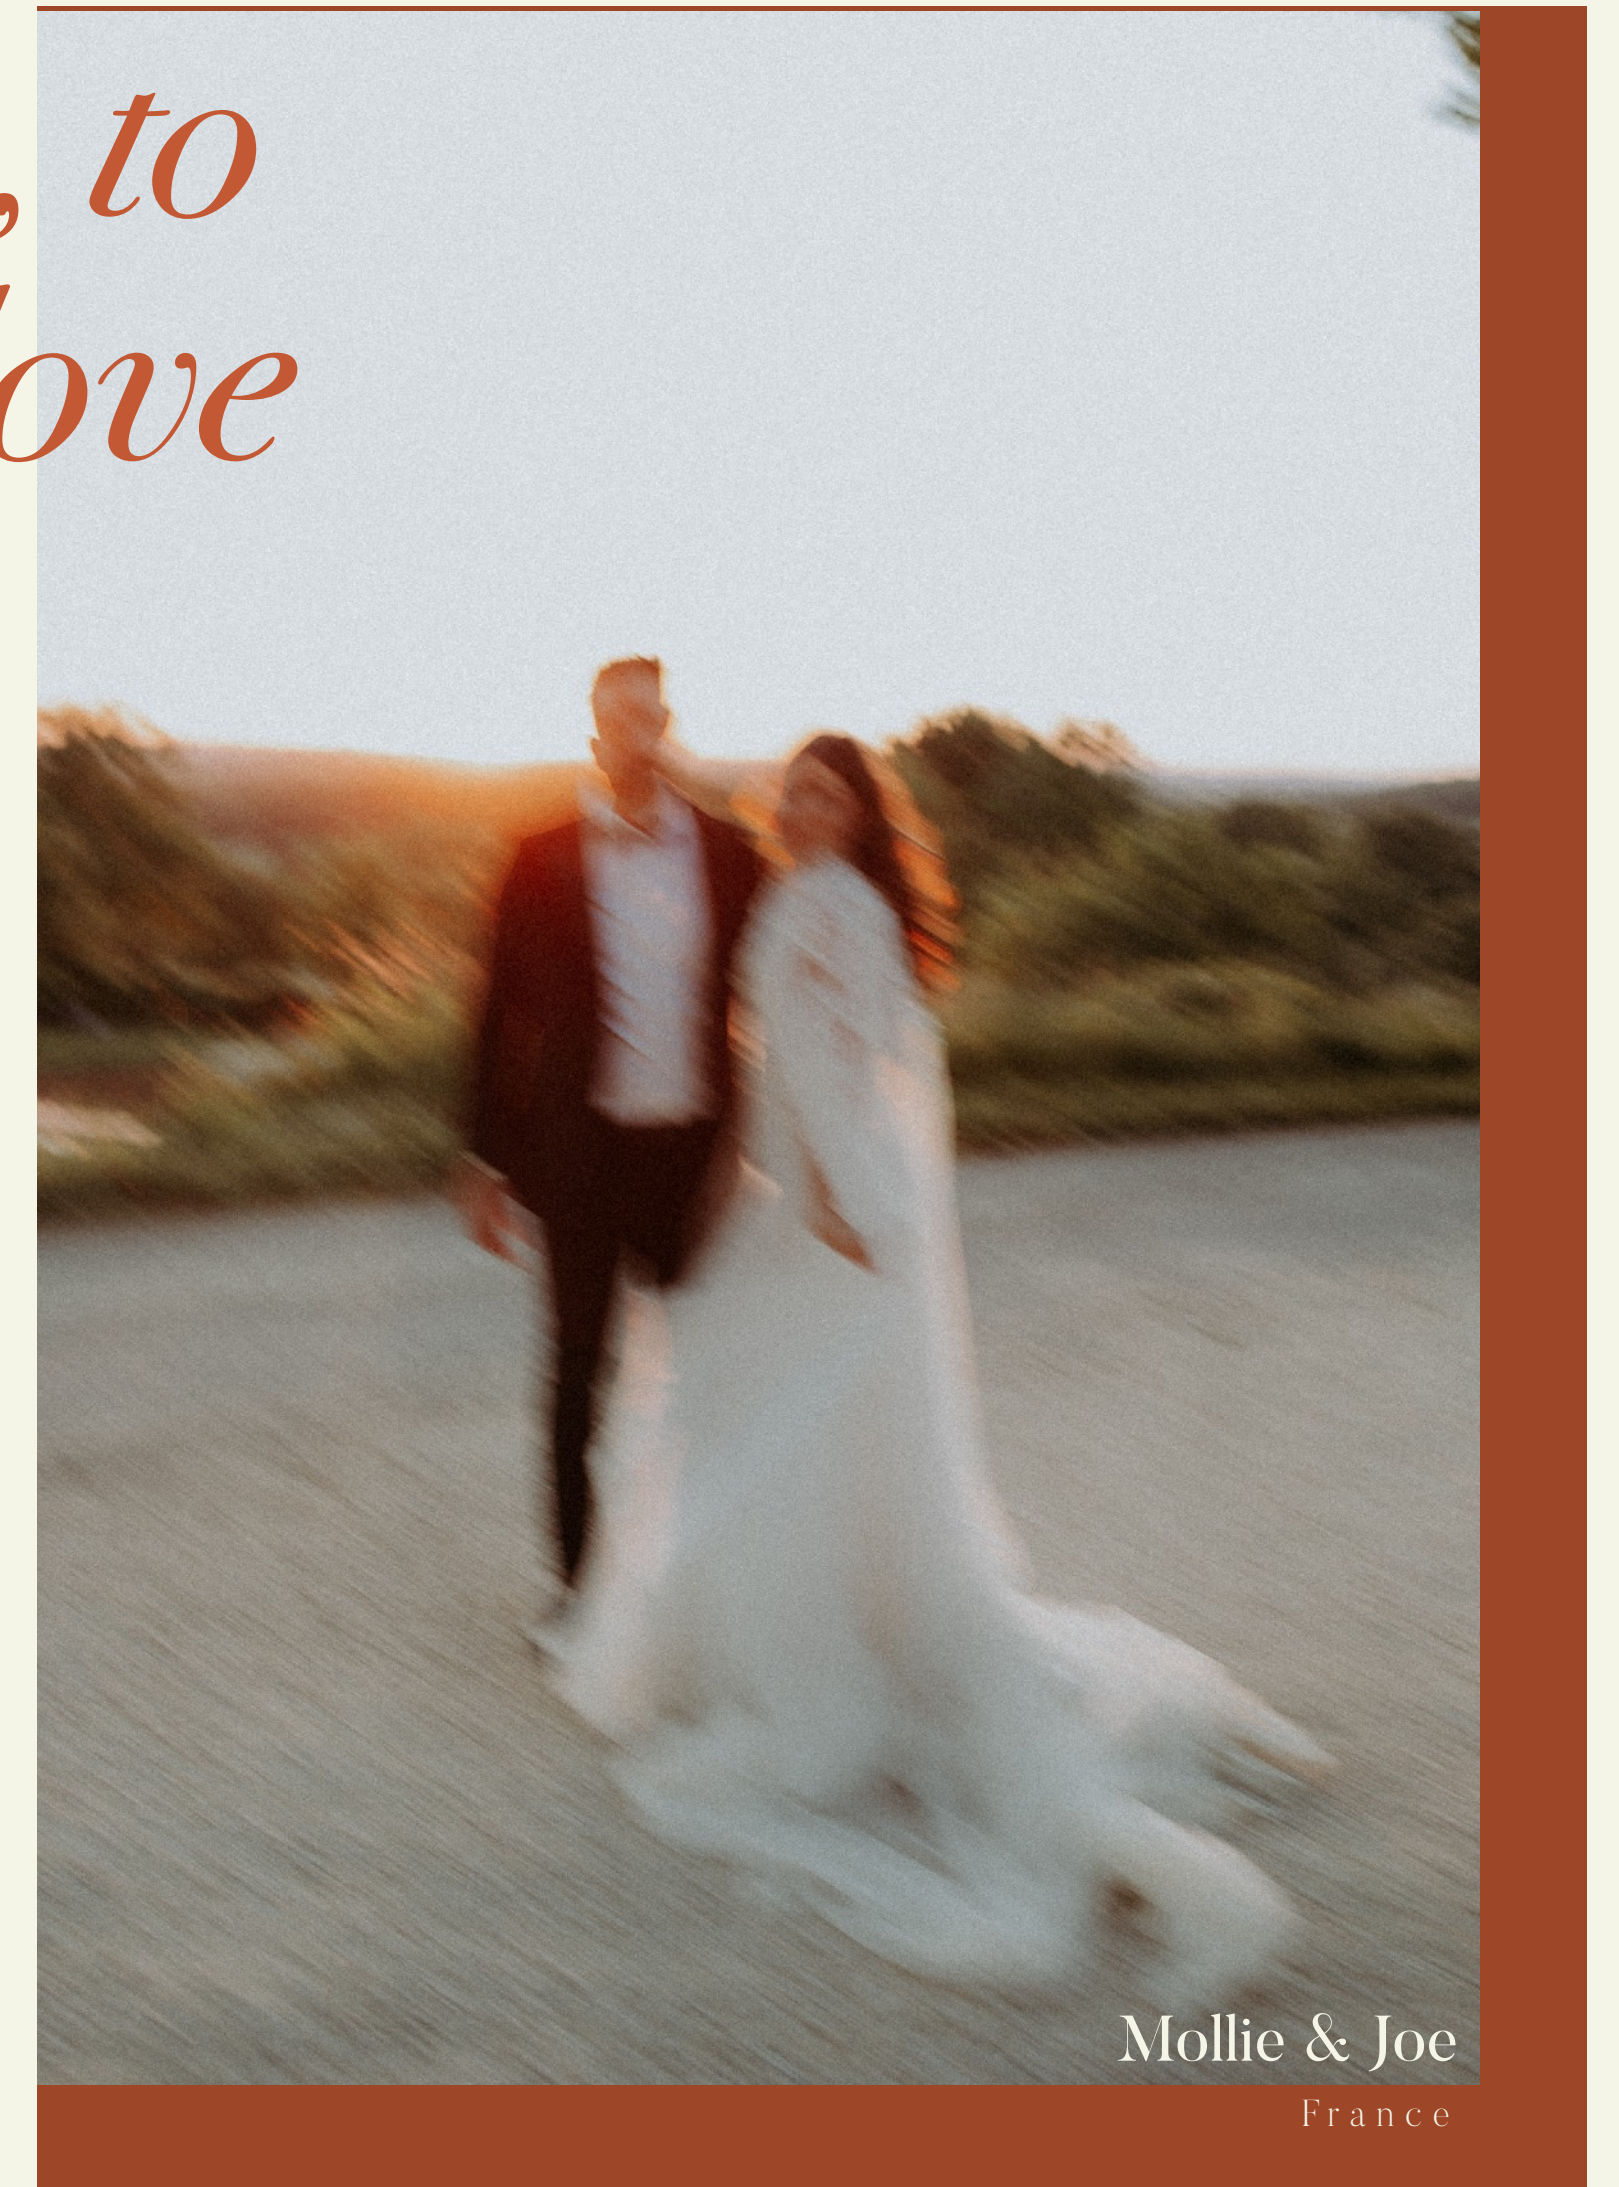

And I **love** a good story.

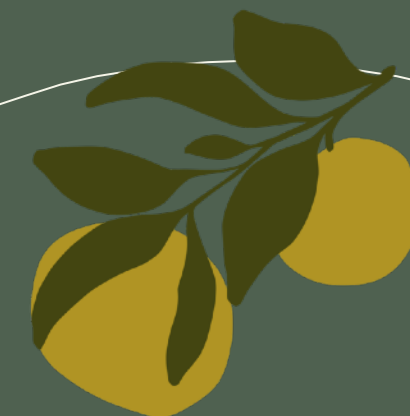

*“How rare it is, to  
have found a love  
like ours.”*

- Marc Anthony

My aim is to make sure that every picture you get from me will mean something to you, whether it's the tiny charm attached to your bouquet from your Grandmother, your pageboy learning to moonwalk from their less-than-sober Uncle, or just you both having an 'I believe we're actually married!' Moment under the willow tree outside whilst the sun sets ... Whatever it is - I want to be there to capture it.

# TESTIMONIAL

“The best decision we made when organising our Wedding was booking Alex. Her aesthetic is so timeless and elegant and every photo she took was worthy of a high-end magazine. Not only did she make every image look stunning, she really made our Wedding look fun and captured those little moments that made it special and unique to us.

Alex is so calming to have around on the day, all of the Wedding Party commented on how lovely and funny she was. She shot both our civil service in London and our Destination Wedding in Spain and by the end of it she felt like a friend.

The Vanity-Fair-Style group shots were such a highlight and the photos look insane. She was so brilliant at organising big groups of drunk guests and made them all look like movie stars.

She is unobtrusive and stealthy so the guests don't know their photo was being taken, which makes for such natural photos, especially on the dance floor; such brilliant candid shots that made us smile so much looking back.

We will forever remember Alex and her amazing photos the rest of our lives”

*“You are the finest, loveliest, tenderest, and most beautiful person I have ever known - and even that is an understatement.”*

- F. Scott Fitzgerald

My style is natural, warm & unobtrusive.

As you can tell from my portfolio, I love taking candid & natural shots that you can only get from blending into the background and not being seen. I love to get the shots of you being naturally ecstatic that it's your Wedding day and genuinely being over the moon whilst celebrating with everyone you love.

That said, we definitely will capture some posed shots of you as a couple and also family formals if that's what you would like - all the while making it a fun experience for you guys & all of your loved ones.

# TESTIMONIAL

We are totally and utterly in love with our wedding photos (I just can't stop looking at them!) Alex literally captured every single special little moment and detail of the day and we feel so very lucky that we now have these memories to cherish forever!

Alex's style of photography is so unique and everyone has been amazed with how beautiful our photos are... I think 'magazine worthy' was one of my favourite comments!

We couldn't be happier that we asked Alex to part of our special day, not only is she extremely talented and clearly passionate about what she does but she was great to work with. We had lots of fun and she has a special way of making you both feel relaxed which is why I think the photos all look so natural and sun-staged.

We can't thank Alex enough for everything, it has been an absolute pleasure and we would recommend her to the world!

# TESTIMONIAL

It is really hard to describe in a few words just how thankful we are to Alex for capturing such precious memories from our wedding. Not only is she an exceptional photographer but she is an exceptional human—an all rounder, from being so kind and friendly to helping in so many ways. I really mean it when I say that we will remember Alex forever. We both felt anxious about being photographed and she made us feel so comfortable and this translated in our photos. Even though we were one of hundreds of her weddings, she made us feel so special and went above and beyond to create breathtaking photographs that we will treasure forever.

# TESTIMONIAL

There are so many wonderful words to describe Alex, but the first that comes to mind is AMAZING. It took us a while to find a Wedding Photographer as we knew we wanted something classic, timeless & unique. But when we came across Alex's page just 6 months before our due to be Wedding, we knew we'd found our person and we are so glad we waited - luckily for us she was available! And even after a Covid postponement, she did everything she could to accommodate us and change our date.

Alex not only captured our day perfectly from start to finish, but she also became like one of our family & friends. She helped me do the buttons on my dress when my mum's hands were shaking from nerves, she helped me keep calm in the morning - even when things didn't always go to plan, she made us feel so at ease when taking our photos and she made us feel extra special from start to finish! She wasn't just our Photographer - she was everything and more.

Alex fitted in so well and our guests were commenting on how hard she worked throughout the day to get the most beautiful shots. Our photos are just stunning, we are so in love and look at them every day. Everyone has been blown away by Alex's talent, and we would recommend her to all couple's in a heartbeat.

# TESTIMONIAL

Honestly, there was never a doubt in our minds that Alex would be the perfect photographer to capture our wedding weekend. Our final images are beyond what we hoped, and admittedly now cover every wall in our house.

Alex was loved by all of our guests, but particularly our family, who felt so at ease with Alex capturing every moment and giving direction when needed.

The memories are really the only thing you have once the celebrations are over, and Alex captured every moment so perfectly that our memories of that day will never fade!

Alex, we can't thank you enough for bringing our vision to life!

FREQUENTLY  
ASKED  
QUESTIONS

How many images are included in the package?

After your Wedding, I'll carefully select the best images and edit them in high resolution. There's usually around 600, and you'll own the printing rights to print them as many times as you like!

Do you bring anyone else with you?

Usually just myself, however I sometimes bring an assistant with me if the weather looks like I may need an umbrella or two! If you'd like a second shooter, no problem at all - they are £1000 for the 10 hours, just shoot me an email to book!

Do you pay for your own travel?

Any travel costs are included in the price, so I will organise and book my own travel - leaving you without another thing to add to your growing list of things to do!

## Do you require a meal?

I'll never say no to a hot meal on the big day! I would love one if at all possible. If there is a restaurant on site, then I can always order food from there too. If there's no food available then it's not an issue - I'll head out and grab something from somewhere close by, so make sure nothing important happens in that time so I'm back to capture it all for you!

## How do we book you?

To secure your date, it's 25% of the final booking cost along with a signed contract. It's all online to make it super quick and easy. The rest of the balance is to be paid one month before the Wedding.

## How long until we see our photos?

Depending on peak seasons, your Wedding photos will be ready anywhere from 4-12 weeks after your Wedding date - but I always aim to get them to you as soon as possible! If you'd like I can also send you some sneak peeks a few days after for socials or thank you cards!

Are you insured?

Yes! Fully insured. Sometimes your venue may need to see copies of my insurance so if that's the case just let me know and I can send it over to them.

Do you bring back up equipment?

I do indeed. As well as my main camera shooting to two cards at once for safety, I also bring an entirely different back up kit, just incase!

Do you need any other information from me?

Around a month before I'll send you a questionnaire to fill out which will include all the Wedding info I'll need for your big day. But in the meantime feel free to email me with any questions you guys may have!

# TESTIMONIAL

I cannot thank Alex enough for being the most incredible wedding photographer. From our very first conversation, Alex made us feel so at ease, as well as being all over all the detail in the run-up. The photos are so stunning that I cried when I saw our sneak peaks - Alex just captured our day so perfectly. Beyond the beautiful photos, I also have to mention just how amazing Alex was on the day. She felt like an extended version of our bridal party, and made everyone feel so comfortable -lots of our guests got in touch to tell us how much they had liked her (and to ask for her details!) Thankyou again Alex

# TESTIMONIAL

Alex shot our wedding in Tuscany. Prior to the wedding she made everything incredibly clear by walking us through the various steps promptly sending us information afterwards to confirm. Her professionalism helped us to feel we were in very safe hands straight away.

During the wedding she was absolutely incredible! She was polite, friendly and helpful throughout. She was flexible with what we wanted, but also would give us some guidance and tips when we asked. She was completely dedicated to making it the best experience for us. She made sure she captured the most special moments, without us even noticing she was there!

The pictures themselves were stunning- we were absolutely blown away by how gorgeous they came out, we have never looked so good! We would highly recommend her, she was absolutely incredible from start to finish. A massive thank you to Alex for making our wedding day so special.

# ALBUMS & PRINTS

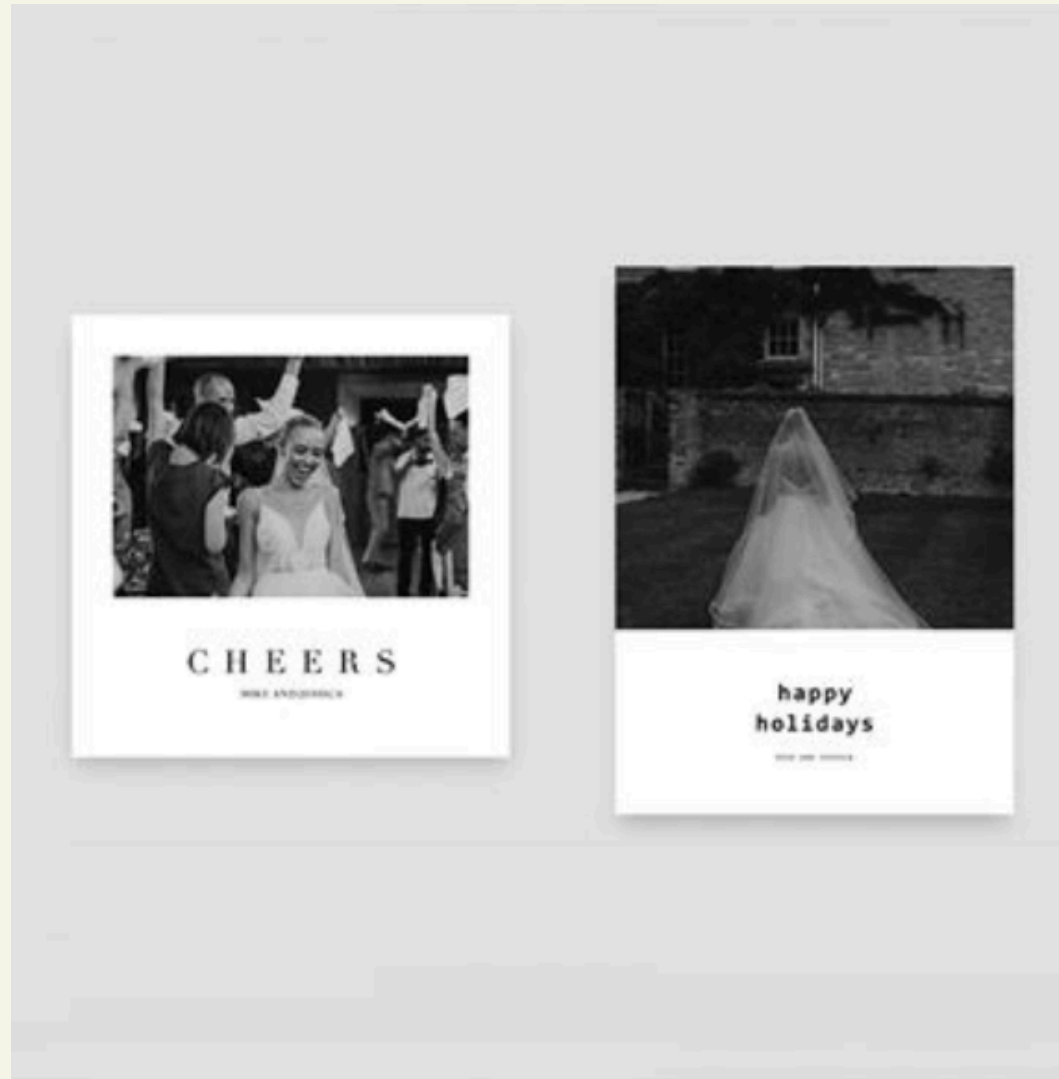

I LOVE to see my couple's beautiful photos in print - whether that's albums, wall prints or even calendars, I feel it really makes the images come to life. However, in our busy lives sometimes we overlook getting our photos printed and never get around to finally doing it (hands up who feels me on this)

That's why I've teamed up with a partner that turns your entire gallery directly into a shop for you. Your online gallery will stay up for as long as you need it to, giving you access to being able to make albums, prints & anything your heart desires whenever you find the time.

There's so many options too; Prints in all shapes & sizes including fine art & deckled, frames for your prints, canvases, metal prints, calendars, lay flat albums, fine art albums, thank you cards, holiday cards, folios, usb boxes and million other things.

Your family & friends can also access the gallery (as you can share it with as many people as you like) which means that your Aunty June can download the image she would like herself, or even buy a print from the store, meaning that you don't have to send out individual photos to every single one of your guests (you can thank me later!)

## GREETING CARDS

---

Beautiful folded or flat greeting cards that suit any occasion. With templates & mock up's at your disposal you can create a beautiful Thank You card within minutes direct from your gallery, totally cutting out any unnecessary work, and giving you a flawless card every single time.

## PRINTS

---

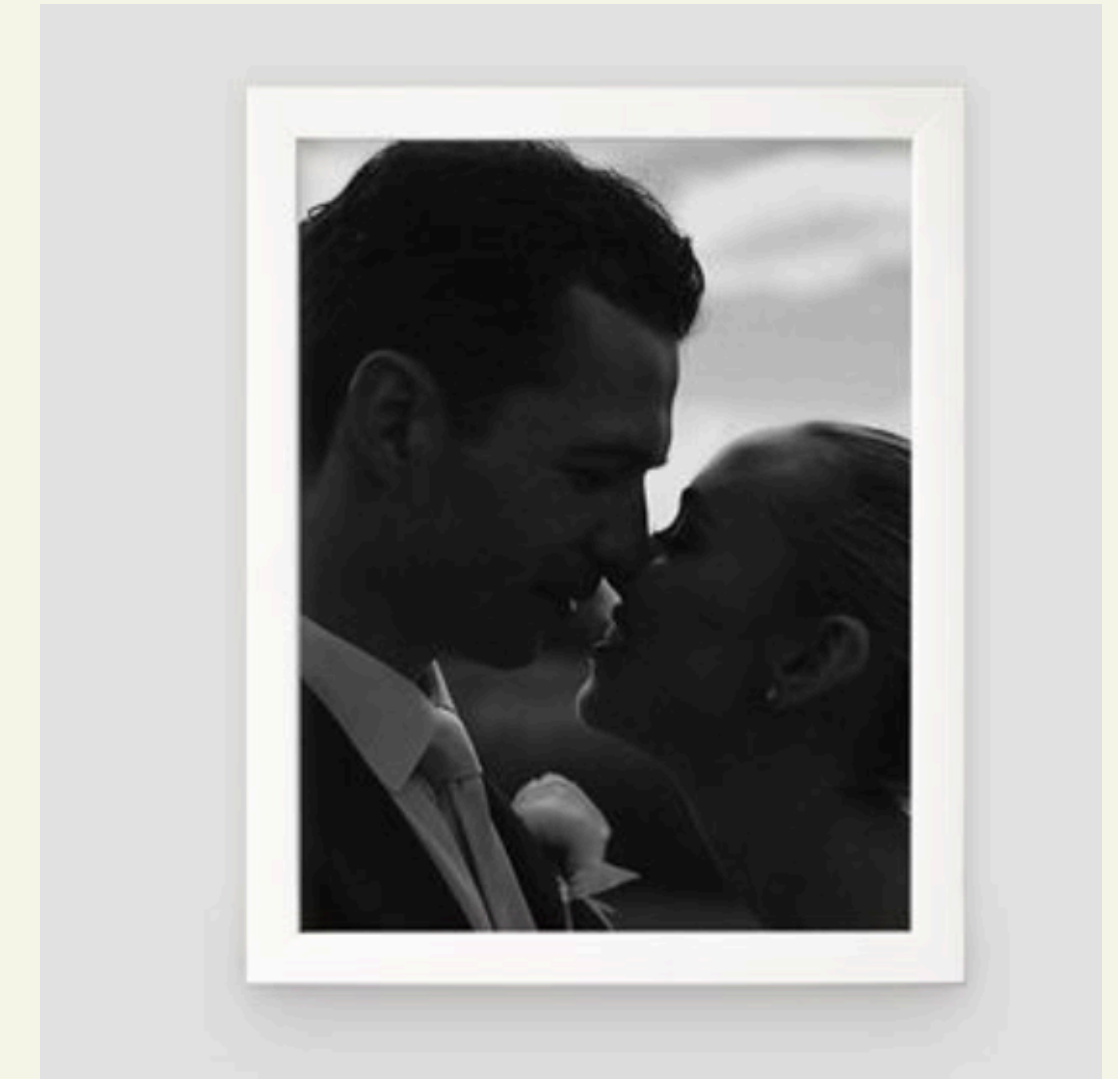

Each print is exceptionally high quality with multiple options of sizes, paper & finish. Ranging from standard 5x7 prints for frames all the way to giant metal prints for a showstopper piece in your home, we have everything covered.

## ALBUMS

---

Albums are a quality keepsake that should take you right back to your Wedding Day and let you relive the whole experience in all it's glory every time you open it. And that's what these albums do - with colour options, font options, foil finishes and beautiful templates for you to set it exactly as you like on each page - you can't go wrong.

## FRAMES

---

From the store you can purchase prints, but then choosing frames for them to go in can be a struggle with sizing, but through the shop you can also purchase frames alongside your prints, meaning that everything will fit perfectly, and you can hang them as soon as they are delivered. In a range of colours and finishes there's something for every home.

# TESTIMONIAL

After the most amazing day of your lives, there's really only one thing you can take away with you: the memories. We can't even put into words how blown away we were with Alex's photography. Not only are her photos absolutely perfect, she is a total dream to work with on the day. I genuinely didn't even know she was there, she seamlessly slots herself in to capture the exact moments you're hoping will be shown back to you on camera. Her effortless, natural approach ensures the memories of a lifetime are brought to life through her lense. I can safely say I look back at my wedding photos daily still (its been 6 months since the day), and that is all thanks to Alex. You won't be disappointed with Alex if you're looking for cinematic, stylish and natural shots which sum up your entire day in 1 image. Thank you for truly making our memories last a life time.

We booked Alex off the back of seeing our friends wedding photos which we fell in love with. We are not exaggerating when we say, if Alex is free on your wedding date, BOOK HER, you are lucky to have her. On the day of the wedding Alex brings a calm, relaxed and lovely energy whilst remaining discreet and capturing natural scenes - nothing is forced and posey. The final pictures are something out of a magazine - absolutely magical. We are constantly told how our wedding photos are the best anyones ever seen. The textures, light and the moments Alex has captured are spectacular, we feel so lucky so be able to look back on them. Thank you Alex <3
